EDUCATION

UIN Syarif Hidayatullah Jakarta *Jakarta, Indonesia*
Major in Mining Engineering
- Cumulative GPA: 3.51/4.0

Mining Engineering who can make geological modeling, pit design, calculation reserves, optimation and scheduliing of mining until make a report . has a good leadership spirit, has proven to be a Lecturer Assistant for mapping subjects, and is active in several student organizations. interested in working in geological exploration, and mine planning, and have experience work as mine engineer

EXPERIENCE

PT. PRATAMA SUMBER BUMIBARA *Berau Indonesia*
SPV Mine Engineer *Agustus 2025- Present*

- Prepare, Drafting and Submit RKAB Document
- Provide Long term planing including 3MRP TO Contractor
- Evaluating Weekly report, Monthly Plan, and Monthly report
- Evaluating mine design accuration
- Manage production costs to be efficient
- Monitoring control ultilization with vendor equipment

PT. Nagame Bara Sinergi site Jambi Resources *Bengkulu, Indonesia*
SPV Mine Engineer *Januari 2024- Juli 2025*
- Lead and supervison engineering team
- Make a plan production TMRP, Weekly, Daily
- Setting fleet production daily
- make weekly review report
- Manage production costs to be efficient
- Monitoring control ultilization with vendor equipment

EXPERIENCE

PT. GEO EXPLO OPTIMA site Juba Pratama *Watusampu, Indonesia*
Mine Engineer *Januari 2023 - Desember 2023*

- Make a plan production TMRP, Weekly, Daily
- Setting fleet production daily
- make weekly review report
- Manage production costs to be efficient
- Monitoring control ultilization with vendor equipment

PT. Internasional Prima Coal *Samarinda, Indonesia*
Mine Operation - Internship

- Cooperated with Site Manager to identify the Coal mining business process.
- Analysis of the Capability of Digging-Loading Equipment on Owning and Operating Cost
- Manage production costs to be efficient.

PT. Timah Tbk *Pangkal Pinang, Indonesia*
Mining Engineering - Internship *Jul 2019 – Agustus 2019*

- following the target.
- Studied about processing washing sand TIN
- Studied about mine design, make report and strategy to achieve production long term and short term target.

PT. Bukit Asam Tbk *Muara Enim, Indonesia*
Field Excursion *2018*

- Studied all the coal mining business processes which applied the Good Mining Practice.
- Cooperated with Mine Engineering Supervisor to control, monitor and analyze the production activities to ensure the production plans are following the target.
- Studied about processing coal and blasting
- Studied about mine design, make report and strategy to achieve production long term and short term target

Assistant Lecturer, UIN Syarif Hidayatullah *Jakarta, Indonesia*
Lecturer Assistant of Mapping base *2019*

- Assisted the Lecturer of using and demonstration using GPS, Compass
- Explain about Using Google Earth and Arcgis to students
- Led discussion sections with students.

Lembaga Ilmu Pengetahuan Indonesia *Kebumen, Indonesia*
Field Excursion *Jan 2018*

- Identified the petrological, morphological, stratigraphy, and mapped the field conditions

ORGANIZATION EXPERIENCES

Workshop VARVA *Jakarta, Indonesia*
Chief Organizer Workshop *Aug 2017 – Oct 2017*

- Workshop Mineplan Using Micromine

Workshop *Jakarta, Indonesia*
Chief Organizer *Jul 2017*

- Workshop mappig using Arcgis

Mining Enginering Association, UIN Syarif Hidayatullah *Jakarrta, Indonesia*
Head of Publication Design dan documentaion *Feb 2017 – Feb 2019*

- Divison Caderization of Himpunan Mahasiswa UIN Jakarta
- Arranged proposal to develop innovate sponsorship strategies by negotiating with UIN Syarif Hidayatullah Jakarta.

Mining Engineering Association, UIN Syarif Hidayatullah *Jakarta, Indonesia*
Head of of Publication Design dan documentaion *Oct 2018*

- Coordinated with the excecutive board to accommodate members with activities that support physical strength.
- Attracted 70 mining engineering students for 3 day and groundbreaking to be able to carry out the inagurations in the Cidahu Mt Area

SKILLS

Technical Skills: Surpac, Whittle, Minescape, Spry, ArcgisMicrosoft Office, Proficient in Slide 6
Soft Skills: Communication Skills, Teamwork, Analitycal Skills, Leadership, Initiative
Languages : Fluent in Bahasa; Conversational Proficiency in English
Certifications & Training: Pelatihan Drilling and Blasting , Pelatihan Mineplan and Design, Pelatihan Longterm Yearly, Pelatihan Mine Scheduliilng, ARCGIS Pro
Non Certifications & Training : Rumah Singgah Colibri Batch 7
